**Amendments to the Claims:**

This listing of claims will replace all previous versions, and listings, of claims in the application.

**Listing of Claims:**

1. (currently amended) A polishing pad comprising a body having (a) a top surface comprising a first set of grooves with a first depth and first width and (b) a bottom surface comprising a second set of grooves with a second depth and second width, wherein the first set of grooves and second set of grooves are interconnected and are oriented such that they are not aligned, and wherein the polishing pad has a void volume of about greater than 50% and less than 95% or more.
2. (original) The polishing pad of claim 1, wherein the first and second sets of grooves have a cross-sectional shape selected from the group consisting of lines, curves, circles, ovals, squares, rectangles, triangles, diamonds, and combinations thereof.
3. (original) The polishing pad of claim 2, wherein the grooves are linear grooves.
4. (original) The polishing pad of claim 3, wherein the first and second sets of grooves are non-parallel.
5. (canceled)
6. (currently amended) The polishing pad of claim 1, wherein the polishing pad has a void volume of greater than about 70% and less than 95% ~~or more~~.
7. (original) The polishing pad of claim 1, wherein the first set of grooves is rotated by an angle of about 10° to about 90° relative to the second set of grooves.
8. (original) The polishing pad of claim 7, wherein the angle is about 90°.
